HAMILTON G. MORENO

Web Front-end Developer

Professional in Systems Engineering, with skills in design and development of web applications, passionate and self-taught by technology.

EXPERIENCES

Front-End Developer at Eulerr App

Middletown, Delaware - Remote

May 2020 - August 2021

An experience that allowed me to improve my skills as a Front-End Developer, as a person and as a UI/UX design lover, where:

- I was part of the design team, as a UI/UX designer. Where I created a whole universe for the main streaming product. I designed the interface and, in collaboration with the team, collected feedbacks that allowed to iterate and improve the product from the UI.
- I carried out the implementation of the entire user interface of the product with technologies such as react, redux, react-material.

Web design specialist at NodeConfCo

Colombia, Medellín - Remote

September 2019 - March 2020

Proud to be part of the design and development team of NodeConfCo in its 2019 and 2020 release, where:

- I created all the graphic art for the conference (banners, signs, posters, business cards, lectern, cockades, etc.) with Adobe Illustrator
- I designed the official website for the event with Adobe Xd
- In collaboration with the development team, we developed the official site of the event with Gatsbyjs

Web designer and developer at JSConfCo

Colombia, Medellín - Remote

September 2019 - October 2019

As a member of some communities in my region, I was able to share my experience with the Javascript community, where:

- I planned and designed the official website for the event in Figma.
- In collaboration with the development team, we developed the official website of the event in its 2019 version in Gatsbyjs.
- I was in charge of designing all the visual art for the conference (banners, signs, posters, business cards, lectern, cockades, etc.) with Adobe Illustrator

EDUCATION

Uniclairetiana University Foundation

- Systems Engineering - September 2021

National Apprenticeship Service (SENA)

- Methodology of computer systems programming. - 2018
- Computer Architecture. - 2018
